This Supplemental Submission In Support Of Renewed Petition is submitted along with the accompanying Declaration of Michael I. Wolfson in further support of the Renewed Petition filed on December 2, 1996. As noted in the Renewed Petition further multiple efforts to reach the inventor were made in December 1996. Thus, this is submitted to present a complete set of facts before the PCT Legal Office and to provide support and confirmation of three further attempts at delivery of letters addressed to Mr.

Kevan C. Taylor at his last known address in the United States, which is 501 Davis Road #H201, League City, TX 77573.

As set out in Applicant's Renewed Petition dated December 12, 1996, Michael I. Wolfson, the undersigned attorney for Petitioner, on December 11, 1996, immediately upon being advised of a more recent address for the inventor Kevan C. Taylor, prepared a new set of application papers and forwarded them to Mr. Taylor at the League City, Texas address both by Federal Express and Express Mail delivery. Prepaid return airbills and postage were provided to Mr. Taylor to facilitate his return of the documents to the undersigned. In addition, Mr. Wolfson also forwarded another set of application papers to Mr. Taylor by First Class Mail on December 17, 1996. This was done since First Class Mail will be forwarded if Mr. Taylor had moved from his last known address in League City, Texas without the need for signature.

These latest multiple diligent efforts to contact Mr. Taylor were all without success. The undersigned has been unable to obtain any response to the Federal Express, Express Mail or First Class Mail efforts to reach Mr. Taylor. There has been no communication or telephone call in response to the First Class mailing and no response from Mr. Taylor.

Filing of the application by the 37 C.F.R. § 1.47 (b) applicant is necessary to preserve the rights of Insituform and to prevent irreparable damage. The priority date of the underlying application, is 25 September 1993, within the 30 month limit allowed by the Patent Cooperation Treaty and 35 U.S.C. § 119, and

the U.S. application is therefore entitled to the priority date of the PCT application. Insituform will be irreparably harmed by the loss of this priority date and will not be able to preserve its rights to this invention under Title 35 if this Petition is denied.

Petitioner has responded fully to the Legal Examiner's Decision on Petition in December. It respectfully requests a favorable response to this Renewed Petition and that Petitioner be allowed to fully prosecute this application on the merits on behalf of and as agent for the inventor. The additional, multiple attempts to reach Mr. Taylor discussed in the Renewed Petition and herein above have all been made at his most recent last known address to no avail. Thus, the requirement of 37 C.F.R. § 1.47(b) have been diligently and completely met.

If there is any question with respect to this Petition, kindly contact the undersigned attorney by telephone so that any outstanding issue can be quickly resolved.

Early and favorable action is earnestly solicited.

Respectfully submitted,

Michael I. Wolfson

IN SUPPORT OF RENEWED PETITION UNDER 37 C.F.R. § 1.47(b)**

Assistant Commissioner for Patents

Attention: PCT Legal Office

S I R:

MICHAEL I. WOLFSON, hereby declares as follows:

1. I am a partner at Cowan, Liebowitz & Latman, P.C., attorneys for Insituform Technologies, Inc., 1770 Kirby Parkway, Suite 300, Memphis, Tennessee 38138 ("ITI"). ITI is the ultimate corporate parent of all Insituform companies, including Insituform (Netherlands) B.V., the 37 C.F.R. § 1.47(b) applicant herein. I make this Supplemental Declaration in support of the Renewed Petition to accept this application pursuant to 37 C.F.R. § 1.47(b) and describe the efforts which I took upon learning of a new address for Kevan C. Taylor, the inventor who cannot be reached and the results of such efforts.

2. On December 11, 1996, as I was completing the Renewed Petition, I learned of a new address for Kevan C. Taylor and

prepared additional new application papers including a Declaration and Assignment for Mr. Taylor's signature. As described in my December 12, 1996 Declaration, these papers were forwarded to Mr. Taylor by Federal Express and Express Mail. I also included a pre-paid Federal Express airbill and a completed Express Mail airbill with postage to facilitate Mr. Taylor's return of the signed documents to me. Copies of the letters I forwarded to Mr. Taylor by Federal Express and Express Mail on December 11, 1996 together with the enclosures, the return Federal Express airbill and envelope showing the completed Express Mail airbill and postage are annexed to my Declaration of December 12, 1996 as Exhibit A.

3. On December 17, 1996, I mailed a further letter to Mr. Taylor by first class mail. I included a copy of my December 11, 1996 letter with a new set of application papers for his signature. A copy of my December 17, 1996 letter and enclosures is annexed as Exhibit 1.

4. On December 18, 1996, I requested through my secretary Ms. Angie Carle, and received via telefax directed to her on that date, a copy of which is attached as Exhibit 2, a confirmation of delivery of Federal Express Package #8494755835, which was sent to Mr. Taylor on December 11, 1996.

5. On December 30, 1996, the December 11, 1996 Express Mail package was returned to me. The United States Postal Service's notations on the December 11, 1996 letter indicate that delivery to Mr. Taylor at the League City, Texas address was attempted on December 13, 15 and 20th, 1996 and that the Postal Service was

unable to deliver the Express Mail package to Mr. Taylor. A copy of the label bearing the Postal Office delivery notations is attached as Exhibit 3.

6. To date, I have received no communication or response whatever from Mr. Taylor in relation to this matter, despite these three attempts to communicate with him at his last known address.

7. I have again reviewed the multiple efforts made by both my office and Mr. Donlan in the U.K. to reach Mr. Taylor at each of his three last known addresses and again respectfully submit that these efforts more than satisfy the diligent efforts requirement of 37 C.F.R. §1.47(b). In view of the extensive efforts made by petitioner, it is respectfully submitted that this Petition under 37 C.F.R. §.147(b) should be accepted.

8. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Dear Mr. Taylor:

We have been unsuccessful in reaching you after several attempts in order to have you sign the United States Declaration and Assignment in connection with this United States Application. This application is the United States national phase application based on your British and PCT applications filed in the United Kingdom relating to your Short-Tee Repair development.

In view of our inability to reach you after several attempts to your Knight Lane address in Memphis and your last known in the United Kingdom, we filed the application under Rule 47(b). This Rule permits the owner of an application to file the application without the inventor's signature if it has been unable to reach the inventor after diligent effort. We believe we have made this diligent effort. However, today we learned that you have utilized this League City address in a mortgage application and a verification of employment was sent to Insituform Technologies in Memphis in October of this year.

Our earlier efforts to reach you included letters to your Knight Lane address on February 9, 1996, August 23, 1996 and again on October 4, 1996. As noted, several attempts were also made by Andrew Donlon to contact you at Neweys Hill, Worcester. All these efforts to reach you have been unavailing.

In view of our obligation to make a diligent effort to obtain your signature, we enclose a new Declaration and Assignment for your signature. Please insert your address and sign and date the Declaration at page 2. Please sign the Assignment and have it notarized. Only the Assignment need be notarized.

We have enclosed prepaid Federal Express and Express Mail air bills to facilitate your returning the signed documents to us.

If you have any questions concerning any of these documents or the procedures we have followed in connection with this application, please feel free to contact us by collect call.

Please give this matter your prompt attention so that we can promptly advise the United States Patent and Trademark Office whether you have signed the application declaration or whether the Patent Office must make a decision to proceed pursuant to Rule 47(b).

Thank you for your cooperation with this matter.

Sincerely,

Michael I. Wolfson
